

CLASSIFICATION: 07 19 00

created via: HPDC Online Builder

PRODUCT DESCRIPTION: SURE KLEAN® WEATHER SEAL SILOXANE PD (PREDILUTE) IS A READY-TO-USE, WATER-BASED SILANE/SILOXANE WATER REPELLENT FOR CONCRETE AND MOST MASONRY AND STUCCO SURFACES.

 **Section 1: Summary**

CONTENT INVENTORY

- Threshold per material
- 100 ppm
 - 1,000 ppm
 - Per GHS SDS
 - Per OSHA MSDS
 - Other

- Residuals and impurities considered in 1 of 1 materials
- see Section 2: Material Notes
 - see Section 5: General Notes

Based on the selected Content Inventory Threshold:

Characterized.....	<input checked="" type="radio"/>	<input type="radio"/>
Are the Percent Weight and Role provided for all substances?	Yes	No
Screened.....	<input checked="" type="radio"/>	<input type="radio"/>
Are all substances screened using Priority Hazard Lists with results disclosed?	Yes	No
Identified.....	<input checked="" type="radio"/>	<input type="radio"/>
Are all substances disclosed by Name (Specific or Generic) and Identifier?	Yes	No

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

Number of Greenscreen BM-4/BM3 contents..... 1
 Contents highest concern GreenScreen Benchmark or List translator Score..... LT-P1
 Nanomaterial..... No

MATERIAL | SUBSTANCE | RESIDUAL OR IMPURITY
GREENSCREEN SCORE | HAZARD TYPE

SILOXANE PD [**WATER** **BM-4** **TRIETHOXYOCTYLSILANE** **LT-UNK** **SILOXANES AND SILICONES, DI-ME, ME HYDROGEN** **LT-P1** **DODECYL ALCOHOL, ETHOXYLATED** **LT-P1** | **MUL**]

INVENTORY AND SCREENING NOTES:

This disclosure includes 99.88% of known ingredients at the 1,000 ppm threshold. Exact ingredient percentages withheld as Prosoco's Intellectual Property

VOLATILE ORGANIC COMPOUND (VOC) CONTENT

Material (g/l): <30 Regulatory (g/l):
 Does the product contain exempt VOCs: No
 Are ultra-low VOC tints available: N/A

CERTIFICATIONS AND COMPLIANCE

No certifications have been added to this HPD.

<input checked="" type="radio"/> Self-Published*	VERIFIER:	SCREENING DATE: May 3, 2017	EXPIRY DATE*: May 3, 2020
<input type="radio"/> Third Party Verified	VERIFICATION #:	RELEASE DATE: May 12, 2017	* or within 3 months of significant change in product contents

**See HPDC website for details*

Section 2: Content in Descending Order of Quantity

This section lists materials in a product and the substances in each material based on the Inventory Threshold for each material. If residuals or impurities from the manufacturing or extraction processes are considered for a material, these are inventoried and characterized to the extent described in the Material and/or General Notes. Chemical substances are screened against the HPD Priority Hazard Lists for human and environmental health impacts. Screening is based on best available information; "Not Found" does not necessarily mean there is no potential hazard associated with the product or its contents. More information about Priority Hazard Lists and the GreenScreen can be found online: www.hpd-collaborative.org and www.greenscreenchemicals.org.

MULTIPLE

German FEA - Substances Hazardous to Waters Class 2 - Hazard to Waters

SUBSTANCE NOTES: Unintentional ingredient contained in a raw material component. GreenScreen Benchmark 1 listings are associated with aquatic toxicity and are not relevant to the use of this product. The product is applied to a concrete or masonry substrate, penetrates, reacts and remains integral to the substrate.

Section 3: Certifications and Compliance

This section lists applicable certification and standards compliance information for VOC emissions and VOC content. Other types of health or environmental performance testing or certifications completed for the product may be provided.

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

Section 5: General Notes

This product is classified as a Low Solids Coating in regulatory systems incorporated by reference in LEED 2009, LEED v4, CALGreen, IgCC, ICC-700 and in all related green building codes. The regulatory category limit is 120 g/L as calculated or measured with inclusion of water as the carrier solvent. This product is generally for exterior use and does not require CDPH Standard method v1.1-2010 (CA 01350) testing for conformance to LEED 2009 Healthcare exterior or LEED v4 Healthcare or Schools exterior EQ credits.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator, and when available, full GreenScreen assessments. The HPD Open Standard does not provide an assessment of health impacts throughout the product life cycle. It does not provide an assessment of exposure or risk associated with product handling or use. It also does not address potential health impacts of: (i) substances used or created during the manufacturing process unless they remain in the final product, or (ii) substances created after the product is delivered for end use (e.g., if the product burns, degrades, or otherwise changes chemical composition).

The HPD Open Standard was created and is maintained and evolved by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry. The HPD Collaborative is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

A disclosure completed in compliance with the HPD Open Standard is referred to as a "Health Product Declaration," or "HPD." The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD Open Standard noted.
